Hi, my name is Ana Beltran Bustamante and I have the big honor to be part of the judge's team of European Open 2025 in Abrantes!

I'm judge from 2011 and I practice Agility for much longer ••

The first time I saw an Agility course, I thought it was a kid's playground, I was 8 years old. From this moment, mi life has been linked to this sport. I was born in december 1981 and I am lucky enough to live my passion: I admit my life turn around Agility and my dogs. With my 7 dogs I began every time more addicted if it is possible to the . canine world », Actually, I compet with my shetland in small grade 3.

To be judge was the point of view I was missing in Agility; a three-dimensional perspective that permit me to see agility from a privileged way, because from my position I can feel the energy Of the dog while he is running my course. I understand agility as a thrilling sport, complex on the content and simple on the form, a place to experiment unique sensations.

As a judge I'm looking for the thrill in Agility, the essence of this wonderful sport: the symbiosis between dog and handler. I love fluent movements, the expression and expansion of the teams! Every course is an opportunity to make fly the dog measuring the handler's capacity to drive his partner in the course, with always the priority in the security and the best judgement options.

I had the honnour to judge in 20 countries in the world, the most important evens in the later years are:

EO Junior 2018 Holland, French Championship 2019, Spain Championship in 2016, 2019 and 2025, French Winter Cup 2020 and 2025, Rialp Spain 2021, Iconix 2022 England, Special Shetland Spain 2022, Moravia Open 2022, Breitz Cup France 2022, Norwegian Open Norway 2022 and 2025, GPF France 2022, Volcanic Cup France 2023, Praga Open 2023, Halloween Go Norway 2023, Americas y El Caribe 2024 in Equateur, Prosec Cup Italy in 2024, Estonie Championships 2024, Norway Championship 2024, many tryouts and lot of fantastic competitions around the world ...  
Enjoy your European Open in Abrantes and see you there in great shape!
