The first time I saw an Agility Course I thought it was a playground, I was 30 years old.

From that moment on, my life has been linked to this sport and I have been lucky enough to live my passion.

I quickly become more and more addicted to the “dog world”.

Nowadays I run with my Shetland Be in 3rd grade Small.

To be a judge was the point of view I was missing in Agility. A three-dimensional perspective that allowed me to understand the agility from the privileged position that is the middle of the ring that allows me to feel the energy of the dog while running my courses.

I understand agility as a thrilling sport, complex on the content and simple on the form, a place to experiment unique sensations.

As an agility judge I prioritize the safety and the best judgement options.

Any course is an opportunity to make the dog “fly” and test the handler’s ability to handle his partner in the run, which is more or less difficult depending of the situation.

I try to present fast and safe courses for both handler and dog

During my judge career had the honour to judge in 5 countries in the world, the most important events are the last 5 countries:

*Tryouts AWC Spain*

*Italy*

*Czech Republic Praga Agity*

*Belgium*

*German*

*y Best*

*Regards*
